

CLOUDPATH™ ENROLLMENT SYSTEM

Customer Testimonials

“Cloudpath software made onboarding extremely easy while providing all the options necessary to meet our security requirements. This is a very powerful product. Well done!”

ROD FRAWLEY

Network Engineer
Flagler Hospital, Inc.
St. Augustine, Florida

“Technology is now woven into every student’s life. If we didn’t embrace BYOD, we would be ignoring huge educational opportunities. This means our BYOD network is mission critical. The ability for us to act upon this opportunity is based on our wireless infrastructure and Cloudpath’s ability to easily connect users.”

NEAL SHELTON

Network Engineering Supervisor
Fairfax County Public Schools
Fairfax County, Virginia

“Cloudpath gives us an easy way to attach devices to our wireless network securely, without manual intervention from IT.”

CHRIS ALGER

Systems Engineer
Forest Hills Public School District
Grand Rapids, Michigan

“Cloudpath wireless connectivity is central to the college’s initiative to provide an integrated experience for users. A reliable, robust wireless system with good authentication is critical to everything we’re doing at the moment.”

NICK WRIGHT

ICT Services Manager
Blackpool and the Fylde College
Blackpool, Lancashire, England

“Cloudpath software has provided shared responsibility for device authentication between our IT department and faculty. Now the faculty can troubleshoot and provide access as needed.”

BRYANT WONG

Chief Technology Officer
Summit Public Schools
California and Washington State

“With Cloudpath Enrollment System, we have the best of all worlds: more granular security without the complexity and burden on IS [Information Services]. Employees and guests get the access they need, when and where they need it, on the devices they want to use.”

SHAUN GREEN

Technical Services Supervisor
District of Mission (Municipality)
British Columbia, Canada

“Cloudpath is an excellent security management tool that works, allowing IT to easily keep the network secure.”

DAVID HENDERSON

IT Director
Victor Central School District
Rochester, New York
